From The Bus Station by trolleybus number 210, get off at Karpatska.

Welcome to Juraj's Outback Hostel

Staying in a hostel is a little bit different than staying in a hotel. The most important thing to keep in mind is that you are sharing your living space, toilet and shower facilities and kitchen with others, unlike in a hotel, although there are several private rooms available.

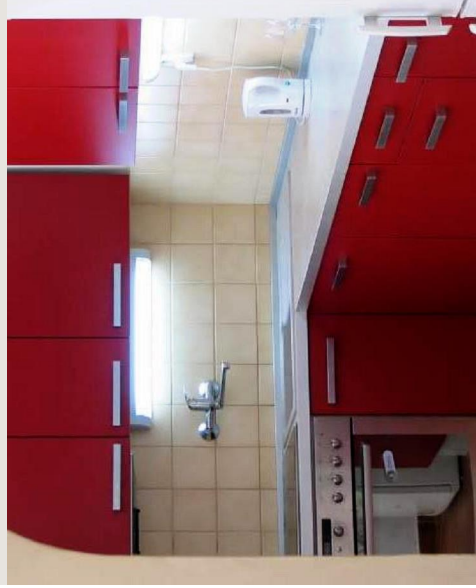

There is no room service as such in a hostel but I am always available to help.

Please arrive between 1 pm and 10 pm so I can make you comfortable without disturbing

other guests.

Please check out by 12 noon (please ask me if you would like to check out later)

Please consider your neighbors and don't be too loud especially after 11pm

Please ask me if you would like to use the washing machine. I can help you with the best settings for your wash.

Please keep everything tidy because your mother doesn't live here. The only exception is if your mother is traveling with you.

Enjoy your stay!

Wifi is available throughout the hostel. The password for the wifi is **Best hostel**.

If you have any questions or I can help you in any way, please don't hesitate to ask.
